The HSC Drama Class and Mrs Monk

This year Year 9 created visual representations of characters from Romeo and Juliet. Here is a selection of some of their work.

CAPA News

The young musicians of Warners Bay High School performed for the public at Charlestown Square as part of Education Week. Our students represented the school with maturity and enthusiasm, entertaining shoppers and passers-by. Performances included vocal groups, the Concert Band, Stage Band, and various rock ensembles.

Year 11 Music students also performed their individual and group performances at Lizottes on the 30th August

Science News

Year 8 Science students were taken on an adventure through space a few weeks ago, right here at school! They entered an inflatable space dome where a 360° view of space was

projected on the roof. They took a virtual trip through the solar system, to the edge of our galaxy and then looked at the constellations in our own night sky. This incursion supported their current unit of work on Earth and Space.

PDHPE News
