HELPFUL TIPS FOR RETURNING TO HIGH SCHOOL

COVID-19 has required everyone to make changes. However, this does not mean that we should give up. Everyone has a story about learning from home and what there are lessons, your story is unique!

Whatever your experience, it's normal to feel a wide range of emotions that may change from week to week. It's important to talk to your teacher or classroom counsellor about your feelings. We have a range of resources to help you manage your feelings and to focus your thinking.

Your feelings are important. If you need to, there are lots of people you can talk to.

GETTING READY

- Get organised before the day. You may have had a greater amount of time at home to do your uniforms and shoes etc.
- Check your timetable to know what lessons you'll be having. If it rubs out your teacher or classroom counsellor, check your bag the day before with everything you need.
- Be sure to have a mask and hand sanitizer. Your school will also have some supplies if needed.

BE KIND TO YOURSELF

- Go easy on yourself - give yourself the same supportive advice that you'd give to a good friend.
- Life has been different and it may take time to adjust.
- Be realistic - your thinking about how long it might take.
- Talk with your teachers about your work and call out your current struggles and any challenges. They are there to help you.
- Contact a friend before the first day back and arrange a time and place to meet.
- Try and focus on the things you can control like trying your best with your school work and see change as an opportunity to learn and grow. Some things will not be the same and everything can be better.
- Talk with your family and friends to help prepare yourself for returning to school.

SAFETY

- Know the rules around wearing masks at school and when boarding. If you need more information, look at your school's website and Facebook page, or contact a teacher or your adviser.
- Remember COVID safety practices are for the safety of everyone in the school community so follow all instructions on proper distancing and hand-washing. If you feel unsafe, or are worried about safety, talk to a teacher or staff in the school.
